

## Illinois Department of Transportation

*Danville Main Street (US 136) from Pine Street to Collett Street*

September 21, 2006

For the Week of September 24 to 30, 2006

Duce Construction will pour the concrete pavement between Park and Corrine Street. They will continue to excavate and build the gravel base from Corrine to the Stone Arch Bridge.

Work will also continue on sidewalks and driveways from Quincy Street to Corrine Street.

Work on the gravel base and curb and gutter will continue on Elizabeth Street.

Park Street will remain open.

College Street and Quincy Streets are open.

South Buchanan Street will be closed today, September 21 at 10:00 AM.

Elizabeth Street will remain closed at Main Street.

Note that Elizabeth Street is open at South Street and is temporarily a 2-way street while the intersection is under construction. Please drive slow and use caution.

Traffic will be routed to the north side of Main Street from Collett to Jackson Street. One lane will be provided in each direction.

All businesses are accessible from either Main Street or from South Street. South Street runs parallel to Main Street, one block south of Main Street.

Please use caution when driving in the work zone.

Please obey the 20 mph speed limit in the construction zone.

All left turns are prohibited except for Lauhoff and Buchanan Streets.

Minor delays and congestion are expected for this week.

Please be alert in congested traffic. Do not follow other vehicles too closely. Do not stop on the railroad tracks!

For your safety, please stay out of the work areas, and obey the sidewalk closed signs.

Please be aware that Danville Mass Transit might alter bus routes. Please contact them for more information.
